# Summer treats on a budget

Although payday has just passed us by, paying off credit cards after holidays, schoolbooks and the rest can mean that this time of year is tight for treats. We don't want to miss out, though, so I have assembled some fantastic treats that are new to the Irish market, that all retail under €20.

I have covered all bases from brushes to hair masques and these products are all high performance and the perfect way to update your cosmetic stash!

The new MinéralBlend fluid foundation from Vichy (€18.95) is the first hydrating, skin improving foundation, formulated with Vichy skincare expertise for all skin types. Vichy presents a natural coverage foundation quenched in water and infused with skincare ingredients that deeply hydrate the skin. Its silky lightweight texture looks effortless on skin, providing breathable coverage that is also buildable.

e.l.f. Sun Kissed Booster Drop (€11.95) supercharges your routine for an instant sun-kissed, healthy glow. Customise your radiance with concentrated drops that can be used alone or added into any foundation, liquid, or cream. Infused with vitamin E and argan oil for nourished skin. E.l.f.

Metallic Flare Highlighter (€7) is a metallic powder highlighter that has a buttery soft, high shimmer formula that glides onto the skin for the ultimate highlight. E.l.f. Lip Plumping Gloss (€6.95) helps plump the lips with nourishing hydration. The invigorating high-shine formula provides a soothing sensation while it offers volume. It is enriched with vitamin E and coconut oil to nourish and hydrate the lips for a soft, supple feel. The natural shades of shimmering colour add a pop to your look that is perfect for your workday and a night out.

e.l.f. Plump It Up Mascara (€6.45) is a rich ultra-black mascara that coats and separates each lash, delivering thick and plump, fanned out lashes.

The Blank Canvas Standee (€19) is a compact, upright standing brush pouch. The BC Standee is compact and stylish and it's perfect for your travel bag or dresser. This pouch can hold 10-20 brushes (depending on size and shape).

The Blank Canvas F44 (€15) is a multi-purpose brush from the Dimensions Series. Handmade from extra soft, high quality anti-bacterial and easy to clean synthetic fibres, the super soft vegan bristles blends powders for a

seamless finish. The design makes it the perfect tool for adding shape to the face through sculpting, contouring and highlighting or adding powder to finish off your look. This brush is best used for powder products.

Shea Moisture SuperFruit Complex Hair Masque (€17.95) is an intensive, antioxidant-rich treatment that helps perfect and renew vibrancy to brittle, lacklustre hair. It treats damaged hair while providing anti-aging benefits, colour protection, hydration, nourishment, rejuvenation, strength, deep conditioning, softness and shine.

Jamaican Black Castor Oil Strengthen & Restore Treatment Masque (€17.95) is a deep conditioning masque that restores strength and resilience to damaged, brittle or chemically processed hair. It's perfect for those who regularly colour, straighten, perm or heat style their hair, as well as kinky, curly or wavy natural styles.
